EXPERIENCE

Web Developer Intern // 2022-2023

Push10

- Build out content blocks using WordPress CMS, provide site maintenance for existing clients, and debug code errors
- Attend daily stand-ups, weekly development meetings, and project sprints
- Tools used: WordPress, PHP, HTML, JavaScript, SCSS, Lando, Terminal, VS Code, Gulp, Docker, Pantheon, Figma

Front End Developer Projects // 2021-2022

Front End Developer

- Design and build desktop and mobile-friendly apps from scratch, implement API calls, and host pages on Netlify and GitHub Pages
- Tools used: HTML, CSS, JavaScript, React, Bootstrap, SCSS, VS Code, Git, GitHub, RESTful APIs

UX Designer for Social Goods Projects // 2021-2022

UX/UI Designer

- Initialize website design ideas based on services that would improve consumer life
- Create digital wireframes and low & high fidelity prototypes for desktop, tablet and mobile devices, which were iterated after a round of usability studies
- WCAG and ADA compliance were kept in mind when selecting color schemes for accessibility needs
- Tools used: Figma, Adobe XD, Sketch

Music Instructor // 2010-current

Guitar Center & Private Instructor

- Conduct weekly vocal and piano lessons
- Organize and conduct recitals and performances with managers and instructors
